Saved Souls Foundation Announces New Website — Coming Soon — and Calls for Urgent Support

Thailand's Animal Rescue Foundation Seeks Volunteers, Donations, Vehicles, and Loving Adoptive Homes

THAILAND — Saved Souls Foundation, a dedicated animal rescue and welfare organization based in Thailand, is proud to announce the official launch of its new website — a central hub for animal lovers, supporters, and potential adopters to connect with the foundation's life-saving mission.

As the foundation grows and the number of rescued animals in its care increases, Saved Souls Foundation is putting out an urgent call to the public for support across four critical areas: vehicle donations, volunteers, financial contributions, and adoptions.

New Website Coming Soon

Saved Souls Foundation is currently building a brand-new website that will serve as a central hub for animal lovers, supporters, and potential adopters. The platform is currently under construction and will soon offer a streamlined experience to learn about the foundation's work, browse animals available for adoption, sign up as a volunteer, and make secure donations. The launch is expected in the near future — stay tuned for the official announcement.

Urgently Needed: A Vehicle to Save More Lives

One of the foundation's most pressing needs is a reliable vehicle. With animals requiring emergency rescues, veterinary visits, and transport to foster homes, the lack of dedicated transportation is one of the biggest barriers to helping more animals. Saved Souls Foundation is actively seeking a donated or sponsored vehicle to expand its rescue capacity across the region.

"A car means the difference between life and death for the animals we rescue. With proper transportation, we can respond faster to calls and reach more animals in need," a spokesperson for the foundation stated.

Volunteers Wanted: Make a Hands-On Difference

Saved Souls Foundation is actively recruiting volunteers to assist with the daily care of rescued animals, community outreach, fundraising events, and administrative support. Whether you are a local resident or a traveler visiting Thailand, your time and energy can directly save lives. No prior experience is required — just a love for animals and a willingness to help.

Volunteers are needed for roles including animal feeding and socialization, foster care coordination, social media and photography, event organization, and veterinary support assistance.

Every Donation Saves a Life

Running an animal rescue foundation requires continuous funding. Saved Souls Foundation relies entirely on the generosity of donors to cover veterinary care, food, shelter, sterilization programs, and medicine. Donations of any size make a meaningful impact — from covering a single meal to funding a life-saving surgery.

The foundation also welcomes in-kind donations such as pet food, blankets, crates, and veterinary supplies. All contributions go directly towards the animals in the foundation's care.

Give a Rescued Animal a Forever Home

Saved Souls Foundation currently has a number of dogs and cats available for adoption. Each animal has been rescued from difficult circumstances, received veterinary care, and is ready to find a loving forever home. The foundation facilitates both local adoptions within Thailand and international adoptions for verified adopters abroad.

Adopting from Saved Souls Foundation not only gives an animal a second chance — it also frees up a space to rescue the next animal in need.

Get Involved Today

To learn more, adopt, volunteer, or donate, visit the Saved Souls Foundation website or reach out directly via social media. Together, we can save more souls.
